The American Public Health Association (APHA) advocates for the adoption of unit-of-use packaging as the industry standard to enhance patient safety.

Ecoslide-Rx

The Ecoslide-Rx is made from 100% recyclable material and contains no plastic in its secondary packaging.

Unlike other paperboard compliance packs, it requires minimal film and foil while maintaining the highest possible Child Resistant rating of F=1.

It is the most economical and environmentally friendly compliance packaging available today.
